

10% VOC BRAKE CLEANER

SOLVENT BASED CLEANER

PRODUCT DESCRIPTION

10% VOC Brake Cleaner is a non-chlorinated, hexane free and 1,1,1, Trichloro-ethane free aerosol cleaner formulated to dissolve brake fluid, grease and oil from critical brake components. Effectively flushes away contaminants without fully disassembling the parts. The ultra low VOC formula is VOC compliant in all 50 states. For use on valve covers, clutch housings, clutch pressure plates and transmission.

PRODUCT BENEFITS

- Restores smooth brake operation
- Fast evaporating
- High pressure spraying
- Ultra low VOC formula is compliant in all 50 states
- Residue free

PRODUCT APPLICATION

Solvent based cleaner for use on:

- Brake parts
- Valve covers
- Clutch housings
- Clutch pressure plates
- Transmission
- Engine parts

Effectively Removes:

- Brake fluid
- Grease
- Oil
- Dirt
